**Annex of the certificate No. 050-018124**

**Conditions of validity and using of the certificate:**

1. Certificate of conformity has to be used only for purposes for which it was issued.
2. Certificate holder is obligated to:
  - a) to inform the Certification Body about any changes: modification of product, production process, materials and/or changes of factory production control influencing the product conformity;
  - b) to inform the Certification Body about any changes of ownership, structure or management;
  - c) to record any complaints relating to non-conformity of certified product;
  - d) to take appropriate actions to eliminate the nonconformity and record actions taken;
  - e) to make records about complaints mentioned above available to the certification body when requested.
3. Certification body re-evaluates the product in case of a change of technical specification.
4. The certificate is valid on condition positive results of surveillance audits contained in Reports issued by certification body and passed on to the certificate holder.

This Annex forms an integral part of the certificate No. 050-018124.
